Submission of Full Paper for Orgatrop Conference

Â

Dear colleague, Dear Madam/Sir

Thank you for submitting your abstract to the OrgaTrop2017 conference. We have received a total of 271 abstracts for this conference, from 38 different countries.

May we kindly remind you to submit your paper for inclusion in the conference proceedings by the **deadline of 30 June**. All papers from accepted abstracts will be published in these conference proceedings. Please submit your paper before this deadline to the conference secretariat through email to orgatrop@ugm.ac.id, following the guidelines and example available on the website (in particular not exceeding the maximum length of 8 pages).

Also, please do not forget to [register](#) and pay (click to follow the link) for the conference by the **deadline of 30 June**. We regret to inform you that, for organizational reasons, contributions from participants that have not registered/paid by the deadline of 30 June will be removed from the programme and from the proceedings. A detailed programme including scheduled presentations will be made available on the website after the registration deadline.

For full details and background information, please visit the conference website at:

<http://web.faperta.ugm.ac.id/orgatrop2017/>

Â

Thanks again for your interest in this conference, and we are looking forward to an exciting scientific event that will boost the further development of organic agriculture.

Dear participant of OrgaTrop2017,

As you know there is a possibility to submit your paper presented at the OrgaTrop conference to the journal *Organic Agriculture*. The idea was to produce a dedicated issue of this journal for the conference. However, this is only possible if sufficient papers from the conference are submitted and eventually accepted for publication, which is not yet the case. Therefore, in case you think your paper is of sufficiently high quality, we would like to encourage you to submit your paper to *Organic Agriculture*. Submission should be done directly through the journal website, following the journal's guidelines and procedures, by clicking on the Manuscript Submission tab at the bottom of the journal homepage (<https://link.springer.com/journal/13155>). Of course a manuscript can only be published once, so you need to make a choice between the Conference Proceedings, the IOP journal Earth and Environmental Sciences, and Organic Agriculture. Please submit your manuscript to Organic Agriculture not later than 20 December.

In case not enough manuscripts are accepted for publication in Organic Agriculture, these accepted manuscripts will be published in the regular issues of the journal, and not in a special conference issues.

In case you have questions, please do not hesitate to contact us.
